PROFESSIONAL EXPERIENCE

Since september 2009: Associate professor at Aix Marseille Université.

March 2008 – August 2009: Post-Doctoral situation financed by the French DGA (direction générale des armées) at Fraunhofer Institute, *Erlangen, Germany*. Creation of a platform for the characterization of multiple contours, and industrial applications. Contract N°PDE 07C0075, and Fraunhofer IIS contract.

EDUCATION

2004-2007: PhD « Subspace-based and optimization methods, application to array processing, image understanding and tensor signal processing »
Place: Groupe Signaux Multidimensionnels team from Fresnel Institute, Marseille.
Defense Date : november 16th, 2007
PhD supervisor : Professor Salah Bourennane, Ecole Centrale de Marseille.
'Mention très honorable, félicitations unanimes du jury'

2003-2004: MsC "Optics, Image and Signal" Aix Marseille 3 university. Mention « Good », rank 5/35.

2000-2003: Ingineer Diploma from Ecole Nationale Supérieure de Physique de Marseille, National Engineer school of Marseille, transdisciplinary education centered on optics, Signal processing, Electronics. Third year abroad: Tampere University of Technology, *Finland*.

TEACHING ACTIVITIES
Automation, industrial regulation, image processing, nonlinear systems, discrete-time signal processing in Licence, Master of Science, Doctorate

<u>RESEARCH ACTIVITIES</u>

13 papers published in international revues and 14 papers published in international conferences.

<u>LANGUAGES AND INFORMATICS</u>
English, spanish, german: read, written, spoken.
Finnish, polish: basics.
Matlab, C++, Latek, Word.

<u>MISCELLANEOUS</u>: First rescue and pool safety diploma.
Running, cycling, triathlon in competition (100kms de millau, ironman).
